## INTRODUCTION

It is time to begin thinking about what you want to learn through your required Field Education placements and where you might want to be so that your learning can take place.

### **COMMITMENT FORMS ARE DUE BY APRIL 30, 2021!**

The Field Education Office is committed to helping you find a placement that meets your needs and your educational goals. If you do not find your preferred congregational makeup, in terms of theological, geographical, racial, and ethnic and gender concerns, in this listing, **please be in touch with the Field Education Coordinator immediately** regarding a new possible site and supervisor possibility. For each new placement, the supervisor and site must be approved, through the process of an interview, receiving letters of Good Standing, a site visit as appropriate and planning for orientation of all new supervisors. Please note also that there may be some congregations who would consider welcoming a student based on their specific criteria. It is important to talk with the Field Education Coordinator about such possibilities. **It is very important to be in conversation with your denominational supervisor as some denominations have very specific and sometimes more stringent expectations for Field Education.**

### **NEXT STEPS AND IMPORTANT INFORMATION**

- 1) **For Church Sites:** You should visit the site during their regular worship time in order to get a better idea if that site is what you are looking for. You may call to speak with the pastor before visiting, letting them know you are interested and will be attending worship. If your time is limited, you may request during that call a time to meet before worship or after with the Lead Minister. Be ready for them to say “no” since Sundays are a very busy time for all ministers but try to ask any way.
- 2) Call the site to request a time to visit the site and become more acquainted with their services. If you cannot visit on a Sunday, another option would be to visit when there are other activities scheduled in the building. It is highly recommended that you have that interview at the site not at a coffee shop.
- 3) Always have plan A, B and even C in case one does not work. During the interview, be ready to share your possible learning goals orally (if you want to you can write them out and share a copy). This is similar to a work interview in which both you and the prospective employer are discerning if this is a good match. You do not have to make a decision right on the spot; it is recommended both parties wait before making the commitment.

- 4) A student minister may ask during the interview if other LTS students have been contacting them (not who contacted them). Get a feel if there are others competing for that site. Ask what they are looking for in a student minister; start the conversation with the description they sent to LTS. If there is no competition, you have more time; if there are others, you may want to express your desire to be considered, but keep on searching for option B & C.
- 5) **Stipend:** From The Field Education Guidelines: The field education experience is designed to take place for the Day MDiv student during their second and third year. For the Weekend MDiv student's field education, placements are required during their third and fourth year. The students are expected to covenant with a congregation for an 8-month period. Masters of Divinity students are expected to do three terms composed of ten weeks each term. The church calendar will override the academic calendar and may exceed 30 weeks. In other words, during the academic year, a student could accumulate up to 288 hours of practical experience. For this amount of time, \$4,000 to \$4,500 would be a reasonable stipend of support for the seminarian for the academic year.

Please note: For a few particular geographical areas, there are some additional funds available to be accessed by congregations who do not have funding to offer a stipend. Please see the Field Education Coordinator about this possibility.

- 6) **Commitment Forms** can be found here (under Field Education Forms on our LTS website). This is the document you and the site will use to confirm you will be doing your Field Ed requirement at that site starting in August 2021. All Commitment Forms are due back to the Field Education office by April 30, 2021. Please make scheduling arrangements for next school year and be ready to offer 5-8 hours a week at your site. Students are reminded that they are expected to keep up with their seminarian studies while they are participating in Field Ed. All sites understand that student minister time is limited and will agree ahead of time what their weekly schedule commitments are at the site. For your own sanity and well-being, stay with the scheduled day or Sunday commitment.

- 7) **CPE Centers:** Please remember a CPE unit may be used to fulfill one of your Field Education requirements for your M.Div at LTS. Different than other Field Ed sites, **you will need to first apply to be considered by filling out the ACPE application.** Acceptance to these centers is totally independent from LTS, and each CPE Supervisor will use a set of distinct criteria to invite seminarians into their intern CPE program. If you want more information about CPE, set-up a time to talk with the Field Education Coordinator.

Students should connect directly with the CPE Center about their interest to get deadlines to apply. Some information is available from the Field Education office or on the Field Education bulletin board located on the lower level of Lark (in front of Dr. O'Brien's office). Visit that CPE Center's website as well. All of these CPE Centers are happy to receive applicants from LTS.

CPE begins with a single unit. Each unit includes at least 400 hours (100 hours of peer group and supervised ministry, and 300 clinical hours of practical ministry). Centers offer various modalities, including: a 10-12 week summer program, one semester Fall or Spring (20-24 hours per week) programs, or extended unit two-semesters programs (10-12 hours a week). With one unit of CPE, a candidate may apply for a full year residency program (3-4 consecutive units). CPE residencies are paid positions with benefits, but Lancaster Seminary recommends that seminarians apply for a residency after they have completed their MDiv given the high demands of required hours at the hospital (40-55 hrs a week).

The Seminary will reimburse students their CPE tuition according to the guidelines in the Student Handbook. Students doing CPE must register for Field Education (1.5 credits) with the Registrar. Students must submit all final evaluations for the CPE experience and schedule a meeting with the Field Ed Coordinator to review and debrief the learning experience. The Field Ed Coordinator will complete and sign a Field Education/CPE Form. The student will take this form to the Registrar for a signature. The student is required to present a copy of this signed form and a copy of the receipt(s) to the Business Office when requesting a refund for the CPE unit.

One CPE unit can only fulfill one Field Education placement. Students will need to consider a church placement as a way to continue improving their pastoral care skills.

## IS SUMMER FIELD EDUCATION FOR ME?

Our Field Education Guidelines state that “students are eligible to negotiate a summer intensive term to complete one of their 1.5 field education credits. The other year must be done during an academic calendar year.”

### Pros of a summer intensive:

- You may have fewer class commitments that make your time more available for intern ministry.
- Several hospitals/institutions offer summer intensive CPE options.
- Some churches have interest in internships in youth and children ministry – camps, service projects, etc.

### Cons for a summer intensive:

- These placements require many intensive hours, in a short time frame, giving the student little break between semesters.
- In a congregational setting, many people, including supervisors, may be on vacation throughout the short, intense experience.
- Field Education Coordinator at LTS may be less available for consultation.

**As in any other field education placement, it will be important to consult with the field education coordinator to ensure that you are asking questions that will match your field of interest to a location where you can receive the practical experience that you need and deserve.**

### Procedure:

1. All summer placements (10-12 weeks; 200-240 hours) need to be approved by the FE Coordinator.
2. The **FE Commitment Form** must be signed by the end of Term III of school year.
3. The **Learning Covenant** must be completed no later than May 15 of intended summer placement.
4. Dates when **Evaluations (Mid-Term, Student Progress and Final)** are due will be set by the FE Coordinator on an individual basis.

## DEADLINES

**We encourage each LTS student to work diligently in setting up their Field Ed site before April 30.** The Field Education Office will be closed in June and July.

We have over 200 sites that in the past received student ministers. The ones listed here are the open sites that expressed interested and are ready for an LTS student in 2021-22.

New sites will take time to approve, if you are seeking out a site not listed, please be in contact with our office. All new supervisors will need to attend the **Supervisor Training which will be scheduled for May and/or August of 2021.**

There may be other sites contacting our offices in March but given that this is the final listing I will approach students individually if I hear from new sites. It is important we meet and I understand what you are searching for in a site. If you have any questions please contact our office and request a meeting. We will be happy to discern with you options that best suit your leadership development.

*Keep hope: there is a site for you out there! All you need to do is to make that connect, walk that journey, learn and serve.*

Church of the Apostles UCC is an intergenerational congregation with significant emphasis on the elderly and the children. We worship with about 200 people each week within two services at 9:15 & 10:45 AM. Our children's Sunday school classes begin in worship and then leave following the Children's Time. We are a congregation which is well connected with our community and denomination in mission work with multiple outreach endeavors. This year's focused mission is to send a shipping container of food to Honduras and is being led by our youth group. We are a multi-staff organization with both a senior and associate pastor.

We are a multi-staff, 300+ member congregation with a variety of worship services, and a long E&R heritage. While, like many churches, the majority of our membership is on the older end of the spectrum, we are a very active congregation, stepping excitedly into the future. We have a large building that is used by church and/or community groups seven days a week. Located in Harrisburg, we are not a downtown or really an inner city church, but have access and outreach to local community services and outreach.

Founded in 2004, Interfaith Philadelphia works to promote inter-religious and intercultural understanding throughout the Philadelphia region. We have 350+ organizational and congregational partners, and work with individuals and communities that orient around religion in many different ways, to foster dialogue and understanding across lines of difference.

Our vision is that all people are valued, distinctive traditions are welcomed, and people of diverse backgrounds collaborate to shape a just and compassionate society. We work toward this vision by equipping individuals and communities for interfaith engagement, building collaborative relationships, and standing in solidarity with our diverse neighbors.

Interfaith Philadelphia draws upon its 15 years of expertise in facilitation, organizing, and community initiatives, to offer a wide range of programs including: trainings/workshops; immersive interfaith experiences; and critical tables where religious and community leaders come together to advance interfaith understanding.

Maidencreek Church is a vibrant inclusive church. On a Sunday morning we average 145 participating in worship. The service is inter-generational, children, youth and adults participate. Our ministries reach into the community, provide Christian education for adults and youth and provide opportunities for members to use their gifts in music as well as prayer, visitation and serving communion to home bound members. Our youth are engaged in ministries that include Sunday school, choir, chimes, junior, middle school and senior high youth groups, church camps and retreats.

We have had student pastors for the past six years. As a “teaching church” we understand that our student pastor is learning from us. Our goal is to work with the student’s field education goals. Therefore, each student has a different experience and we do not compare students but experience new insights from each one. We enjoy learning from our students as we teach.

St. Luke's is a diverse, inclusive community. All are welcome to worship with us and participate in our various programs. Founded in 1852, we are an historic downtown church that draws people from the greater Scranton area. Many grew up in the parish and have been lifelong members; others are new to the region, as well as the Episcopal Church. Our community comprises a wide spectrum of people from the very old to the very young. We are married, single, widows, widowers, divorced, gay and straight. Our occupations and backgrounds are varied. Together we strive to discover, live into and share God's love.

We offer three forms of Eucharistic worship each week, a said service on Saturday evenings; a sung liturgy on Sunday morning, featuring our professional choir; and a Noon "Healing Eucharist" on Wednesdays. In addition to our worship, we offer Centering Prayer (a meditative prayer practice) every Tuesday, as well as regular Adult Formation programs, Sunday School using Godly Play (a Montessori based program), Bible Studies, Lenten Studies, Quiet Days, and other times for learning and growth.

We have recently established a 501(c)(3), Cypress House at St. Luke's, to offer social services. Our inaugural project will be a prison re-entry bakery modeled after Homeboy Industries in Los Angeles.

and Cardiology. We have recently expanded our services in Cardiology and Behavioral Health with new and developed services including a Catherization Lab and Interventional Cardiology and Heart Procedures. Our Behavioral Health Unit has Acute and Extended Care. Chaplains serve at the Main Hospital and at the Cancer Center and offer services during the day M-F and evening and weekend On Call. Our spiritual care department offers a spirituality group on Wednesday evenings and Sunday Service to Behavioral Health Patients. Our staff includes Protestant, Catholic and Jewish spiritual care providers and a mix of hospital employees and Chaplaincy Volunteers. Among our other hospitals are Good Samaritan Lebanon, Gettysburg Hospital, Philhaven- Mount Gretna and York Hospital. We offer a rich learning environment within Lancaster County that includes spiritual care, chaplaincy and collaboration with other locations within WellSpan including leadership from CPE programs at York and Gettysburg Hospital. We also have a Plain Community Program which serves the Amish and Mennonite community and a affiliation with Memorial Hospital.
